OPPORTUNITY: DeafGPS Researcher

H3 Network Media Alliance is seeking a Deaf topics researcher/writer for the “DEAFGPS” program which is an investigative program that streams every three months on H3 World TV. DEAFGPS is an investigative program that explores a specific topic.

The DeafGPS Researcher researches, identifies and contacts interviewees, arranges and coordinates video responses, transcribes their responses, and assembles final script used by the on-air Signer which is shown in closed captions. This candidate works closely with News Editor on all aspects of production.

Duties:

- a) research, compile, brainstorm on suitable DeafGPS topics, and expand on approved topics;
- b) create list of DeafGPS questions, identify, recruit, interview and coordinate email and other communications with prospective interviewees;
- c) write transcripts, edit stories and assembles final scripts.
